Message from the President

Athletic programs have played a vital role in campus life at East Central Community College since the founding of our College in 1928. As with all of our institutional programs, we strive to make our athletic teams and events the very best possible. We are very pleased with the progress that has been made in athletics at our College over the years.

As president of East Central and on behalf of the Board of Trustees, administration, faculty, staff, and students, it is my pleasure to extend greetings to all of East Central's alumni, fans, visitors, and guests. We trust that each visit to our campus will be a pleasant and rewarding experience for you.

We hope that you will enjoy our athletic contests and that you will join the College community, your family, and friends at these and other events as often as possible.

Please let us know if we at East Central can assist you in any way.

Sincerely,

A handwritten signature in cursive script that reads "Eddie M. Smith".

Welcome

Message from the athletic director

Athletics play an important part in the lives of many college students at East Central. It is a time consuming activity, which requires a tremendous amount of energy and effort. A student must not only be talented, but dedicated to be successful.

More important than athletic success is academic success, which is the cornerstone of any good athletic program. We hope that our players can be both, but know which is the most desirable to be a contributing and successful member of society.

Sincerely,

Sammy Pace
Director

Moore Honored for Service

Johnny Moore (right) of Conehatta was recently honored by the East Central Community College Athletic Department for many years of service to Warrior athletics. Over the years Moore drove the bus for various sports teams and often helped prepare meals for them during the annual awards cookouts. Shown presenting a plaque to Moore at the 1999 Spring Sports Awards Cookout is ECCC Athletic Director/women's basketball coach Sammy Pace. The annual awards program is held at Turkey Creek Water Park near Decatur.

WHAT IT MEANS TO BE A WINNER.

Winning isn't everything ... but being a winner is. Because a winner looks at the scoreboard and, no matter what the final points reflect, takes pride in a game well played. It's called sportsmanship. And anyone who is a great sportsman is a winner throughout life.

Message from the President

East Central Community College Warrior Athletics is a vital part of our total program. Over 220 men and women compete in organized athletics through our athletic programs. These student athletes have the opportunity to pursue opportunities in athletics and academics beyond the high school level. Their athletic abilities provide a means for them to attend college and pursue their educational goals.

We are extremely proud of all of our athletic programs at East Central. Each program contributes its own unique qualities to the overall athletic program of the College. Several of our athletic programs excel each year and over time all of the programs will have an opportunity to extend their season.

A special thanks is extended to all of the coaches who work with these young men and women. They instill in their players a work ethic and a commitment to excellence that will serve the students well as they move to the next chapter of their lives. The lessons learned through athletic competition are always with the student athlete after they have moved beyond organized athletics.

You, the fans of Warrior Athletics, are also a significant part of East Central. Your support of our athletic programs is important to all of us, especially the student athletes. The reward for all of the athletes' hard work in practice and conditioning is the support of the fans on game day. So, on behalf of all those involved in Warrior Athletics, THANKS!

Message from the Athletic Director

As we once again prepare to kick off another year of athletics, we have high hopes to have another successful campaign. We look forward to the challenge of shaping young athletes into college players. We know that they will set forth a positive image for the College and the community both on and off the playing surfaces. Each athlete will be involved in many hours of practice time just for a few moments of playing time. But, it will be worth their efforts when they are rewarded with the thrill of victory.

Sincerely,

Sammy Pace
Athletic Director

WHAT IT MEANS TO BE A WINNER.

Winning isn't everything ... but being a winner is. Because a winner looks at the scoreboard and, no matter what the final points reflect, takes pride in a game well played. It's called sportsmanship. And anyone who is a great sportsman is a winner throughout life.
